Dear John,

Please accept our heartfelt thanks for supporting our "Moon Bear Rescue". Your support means a lot to us and more importantly, will help us to free more moon bears from cruel bile farms in China and Vietnam.

Our Moon Bear Rescue project is growing all the time with the China centre now bursting with healthy happy bears who no longer wake up in fear and pain, and with the number of bears at our centre in beautiful Tam Dao National Park in Vietnam quickly increasing. Your faith and funding have helped build these sanctuaries and with your support, we will continue to give more bears the chance to rediscover the joys of life.

We have rescued hundreds of bears already, all now enjoying their days in the sun and finally free to be themselves, play with friends, or just simply lie about enjoying the feel of grass on their once tortured bodies. Your donation contributes directly to this with 86% of all funds going directly to the bears and the balance dedicated to continually promoting the rescue and spreading the word.

We are happy to enclose your Official Receipt and we will of course keep you informed about our progress. You can also visit our website which is packed with information on all of our projects and you can also keep up with daily events through my blog: www.animalsasia.org/blog.

From the Moon Bears and the Animals Asia team, our grateful thanks and appreciation for your help.

Warm wishes and bear hugs,

Jill Robinson MBE
Founder and CEO

Animals Asia Foundation Ltd		
Receipt #: 510317	Order No.: 510317	28 April, 2010
Received with thanks from:	Portraits by John Burton	Member ID: 1069136
