Dear Mr Burton,

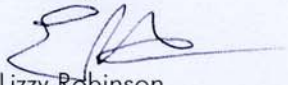

Thank you for your recent donation of £45 rased from a percentage of your profits from your pet portraits.

Your funds have helped us to provide free treatments for sick and injured animals like Breeze, a Jack Russell Terrier who loved to scavenge items from the garden. Recently her salvage career nearly came to an untimely end after she accidentally swallowed a lump of metal, washed down with lighter gas. The poisoned dog was rushed to Bristol PDSA PetAid hospital for emergency treatment. Happily she has made a good recovery.

- This year PDSA will provide more than 1.8 million free treatments to sick and injured pets and more than 200,000 preventive treatments.

Thank you again for supporting PDSA.

Kind Regards

Lizzy Robinson  
Fundraising Administrator

#### The veterinary charity

300,000 pet patients  
43 PetAid hospitals  
4 PetAid branches  
350 PetAid practices  
180 PDSA shops  
4,800 volunteers
